

### **Introduction:**

Your responsibilities as a Quality professional are more challenging and seemingly more complex than ever before. Today you need the resources of the Saudi Quality Council to build your carrier. SQC offers you and your company an opportunity to participate, learn and share knowledge with other quality practitioners. SQC is committed to delivering personal and professional benefits that support you and your company through a wide range of activities such as Technical Meetings, Plant Tours, Open Forums, GCC Annual Quality Conference, Healthcare & Education Sector Symposiums, Quality Surveys, Quality Campaigns, Panel Discussions, and Magazines etc.

### **Membership Benefits:**

SQC membership provides quality practitioners and advocates with latest development, innovative solutions, latest tools and techniques used by World Class Companies. We offer you great opportunities; to meet, learn, network, and discuss your problems with distinguished speakers. In the last five years, the following are some of the professors, doctors, and well-known speakers who have lectured in the SQC's Technical Meetings, which are held on a monthly basis.

### **Corporate Membership:**

#### **Diamond Membership**
