

Saudi Quality Council (WR)

Is pleased to invite you to its "Quality in Education" Interest Group Technical Meeting
on **Tuesday 27 February, 2007 (06:30 pm — 10:00 pm)**

Titled "Quality Assurance in Education"

In the Auditorium of Institute of Public Administration (IPA), Al-Sharafiah Dist. Jeddah

Quality Assurance in relatively new field in the education sector. Many universities, colleges and schools are presently looking into means and ways to improve their performance at the country level, however without any organized system of improvement they do not achieve their quality goals. Some have implemented programs like ISO 9001 effectively while many are not getting satisfactory results even with its certification.

The purpose of this lecture is to provide the fundamentals of Quality Assurance and best practices from practical point of view. It will be beneficial for all those institutions who want to develop a practical vision and programs of Quality Improvement for their institutions.

The lecture will have the following three sessions:

1. Fundamentals of Teaching, Learning and Quality
2. Quality Issues and Best Practices of Academic Processes
 - Teaching and Teaching
 - Curriculum
 - Exams and Research
 - Research
 - Communication
 - Students
3. Management Processes
 - Leadership
 - Administrative Function
 - Quality Assurance / Accreditation Programs
